Contents of Volume 27

Number 1, July 1988

Amos, C. L., Van Wagoner, N. A. and Daborn, G. R., The influence of subaerial exposure on the bulk properties of fine-grained intertidal sediment from Minas Basin, Bay of Fundy 1

Kranenburg, C., Long internal waves and turbulence production in estuarine flows 15

Kenney, B. E., Litaker, W., Duke, C. S. and Ramus, J., Community oxygen metabolism in a shallow tidal estuary 33

Pelegri, J. L., Tidal fronts in estuaries 45

Fisher, T. R., Harding Jr, L. W., Stanley, D. W. and Ward, L. G., Phytoplankton, nutrients, and turbidity in the Chesapeake, Delaware, and Hudson estuaries 61

Burger, J., Effects of demolition and beach clean-up operations on birds on a coastal mudflat in New Jersey 95

Silva Cota, S. and Alvarez Borrego, S., The ' El Nino ' effect on the phytoplankton of a north-western Baja California coastal lagoon 109

Number 2, August 1988

Galloway, J. S., Field investigation of suspended-sediment clouds under plunging breakers 119

Grainger, E. H., The influence of a river plume on the sea-ice meiofauna in south-eastern Hudson Bay 131

Jones, D. G., Roberts, P. D. and Miller, J. M., The distribution of gamma-emitting radionuclides in surface subtidal sediments near the Sellafield plant . . 143

Hill, A. E. and Simpson, J. H., Low-frequency variability of the Scottish coastal current induced by along-shore pressure gradients 163

Butler, J. H., Pequegnat, J. E., Gordon, L. I. and Jones, R. D., Cycling of the methane, carbon monoxide, nitrous oxide, and hydroxylamine in a meromictic, coastal lagoon 181

Moran, S. B. and Moore, R. M., Temporal variations in dissolved and particulate aluminium during a spring bloom 205

REJMÁNEK, M., SASSER, C. E. and PETERSON, G. W., Hurricane-induced sediment deposition in a Gulf Coast marsh 217

MICHENER, R. H., SCRANTON, M. I. and NOVELLI, P., Hydrogen (H_2) distribution in the Carmans River estuary 223

NUMBER 3, SEPTEMBER 1988

KILLOPS, S. D. and HOWELL, V. J., Sources and distribution of hydrocarbons in Bridgwater Bay (Severn Estuary, U.K.) intertidal surface sediments 237

NGUYEN, K. D. and MARTIN, J-M., A two-dimensional fourth-order simulation for scalar transport in estuaries and coastal seas. 263

MILLE, G., MULYONO, M., EL JAMMAL, T. and BERTRAND, J.-C., Effects of oxygen on hydrocarbon degradation studies *in vitro* in surficial sediments 283

GUYMER, I. and WEST, J. R., The determination of estuarine diffusion coefficients using a fluorimetric dye tracing technique 297

COMELY, C. A. and ANSELL, A. D., Population density and growth of *Echinus esculentus* L. on the Scottish west coast. 311

BILLHEIMER, L. E. and COULL, B. C., Bioturbation and recolonization of meiobenthos in juvenile spot (Pisces) feeding pits 335

COLLOS, Y., LINLEY, E. A. S., FRIKHA, M. G. and RAVAIL, B., Phytoplankton death and nitrification at low temperatures 341

NUMBER 4, OCTOBER 1988

FRAGA, S., ANDERSON, D. M., BRAVO, I., REGUERA, B., STEIDINGER, K. A. and YENTSCH, D. M., Influence of upwelling relaxation on dinoflagellates and shellfish toxicity in Ria de Vigo, Spain 349

GALLAGHER, J. B. and BURTON, H. R., Seasonal mixing of Ellis Fjord, Vestfold Hills, East Antarctica 363

JOHNS, C., LUOMA, S. N. and ELROD, V., Selenium accumulation in benthic bivalves and fine sediments of San Francisco Bay, the Sacramento–San Joaquin Delta, and selected tributaries 381

CHURCHMAN, G. J., HUNT, J. L., GLASBY, G. P., RENNER, R. M. and GRIFFITHS, G. A., Input of river-derived sediment onto the New Zealand continental shelf: II Mineralogy and composition 397

FIELDING, P. J., DAMSTRA, K. St., J. and BRANCH, G. M., Benthic diatom biomass, production and sediment chlorophyll in Langebaan Lagoon, South Africa . . 413

HOWARD, A. G., APTE, S. C., COMBER, S. D. W. and MORRIS, R. J., Biogeochemical control of the summer distribution and speciation of arsenic in the Tamar estuary 427

LOGAN, A., A sublittoral hard substrate epibenthic community below 30 m in Head Harbour Passage, New Brunswick, Canada 445

NUMBER 5, NOVEMBER 1988

MURPHY, P. P., BATES, T. S., CURL, JR., H. C., FEELY, R. A. and BURGER, R. S., The transport and fate of particulate hydrocarbons in an urban fjord-like estuary . . 461

CHILDERS, D. L. and DAY, JR., J. W., A flow-through flume technique for quantifying nutrient and materials fluxes in microtidal estuaries 483

LARSON, R. J., Feeding and functional morphology of the lobate ctenophore *Mnemiopsis mccradyi* 495

PARK, J. K. and JAMES, A., Time-varying turbulent mixing in a stratified estuary and the application to a Lagrangian 2-D model 503

FRIEDRICHS, C. T. and AUBREY, D. G., Non-linear tidal distortion in shallow well-mixed estuaries: a synthesis 521

HEATH, M. and RANKINE, P., Growth and advection of larval herring (*Clupea harengus* L.) in the vicinity of the Orkney Isles 547

WONG, G. T. F., Alkalinity in the south-eastern United States continental shelf waters 567

NUMBER 6, DECEMBER 1988

GIBBONS, M. J., The impact of wave exposure on the meiofauna of *Gelidium pristoides* (Turner) Kuetzing (Gelidiales: Rhodophyta) 581

MEYBECK, M., CAUWET, G., DESSERY, S., SOMVILLE, M., GOULEAU, D. and BILLEN, G., Nutrients (organic C, P, N, Si) in the eutrophic River Loire (France) and its estuary 595

RELEXANS, J. C., MEYBECK, M., BILLEN, G., BRUGEAILLE, M., ETCHEBER, H. and SOMVILLE, M., Algal and microbial processes involved in particulate organic matter dynamics in the Loire estuary 625

SALIOT, A., TRONCZYNSKI J., SCRIBE, P., and LETOLLE, R., The application of isotopic and biogeochemical markers to the study of the biochemistry of organic matter in a macrotidal estuary, the Loire, France 645

DEVASSY, V. P. and GOES, J. I., Phytoplankton community structure and succession in a tropical estuarine complex (central west coast of India). 671

RIDDLE, M. J., Cyclone and bioturbation effects on sediments from coral reef lagoons 687

FERNANDEZ-DELGADO, C., HERNANDO, J. A., HERRERA, M. and BELLIDO, M., Life-history patterns of the sandsmelt *Atherina boyeri* Risso, 1810 in the estuary of the Guadalquivir River, Spain 697

ZINGDE, M. D. and MANDALIA, A. V., Study of fluoride in polluted and unpolluted estuarine environments 707

Abundance; phytoplankton; tropical regions; estuaries, 671
Advection; diffusion; errors; numerical model, 263
Age; growth; fecundity; reproduction; life-histories; Atheriniforms, 697
Agricultural runoff; San Francisco Bay; bioaccumulation; selenium; bivalves; pollution distribution; benthic fauna, 381
Air-water exchange; microbial activity; nutrients; diffusivity, apparent; carbon cycle; nitrogen cycle; gases; distribution, 181
Algal blooms; dinoflagellates; red tide; shellfish fisheries; stratification; toxicity; upwelling, 349
Alkalinity; continental shelf, 567
Aluminum; temporal variations; plankton blooms; coastal waters, 205
ALVAREZ BORREGO, S., *see* SILVA COTA, S., 109
Ammonia; phosphate content; organic compounds; eutrophication; silica; nitrates, 595
AMOS, C. L., VAN WAGONER, N. A. and DABORN, G. R., The influence of subaerial exposure on the bulk properties of fine-grained intertidal sediment from Minas Basin, Bay of Fundy, 1
Anaerobic; food chains; interstitial water; estuaries; Long Island; dissolved gases; biogeochemistry, 223
ANDERSON, D. M., *see* FRAGA, S., 349
Annual variations; plankton production; tidal estuaries; lagoons; North Carolina Coast; oxygen balance; metabolism, 33
Anoxic basins; paleosalinity; Antarctic coast; fjords; mixing; water; thermohaline convection, 363
ANSELL, A. D., *see* COMELY, C. A., 311
Antarctic coast; fjords; mixing; water; thermohaline convection; anoxic basins; paleosalinity, 363
APTE, S. C., *see* HOWARD, A. G., 427
Arabian Sea; estuaries; pollution; fluorine compounds; India Coast, 707
Arctic waters; Hudson Bay; sea ice; fauna; zooplankton; river plumes, 131
Arsenic compounds; estuaries; speciation; mixing, 427
Atheriniforms; age; growth; fecundity; reproduction; life-histories, 697
Atlantic coastal plain; phytoplankton; decay; nitrification; nitrogen cycle; low temperature; ponds, 341
AUBREY, D. G., *see* FRIEDRICHS, C. T., 521
Bacteria; communities; hydrocarbons; oxygen; sediments, 283
Baja California; El Niño; coastal lagoons; phytoplankton; photosynthesis; irradiance; summer, 109
BATES, T. S., *see* MURPHY, P. P., 461
Bay of Fundy; Canada; sublittoral fauna; benthic; community; substrates, 445
Bay of Fundy; physical properties; intertidal environment; mud flats, 1
Beaches; estuaries; New Jersey; birds; coastline, 95
BELLIDO, M., *see* FERNANDEZ-DELGADO, C., 697
Benthic; community; substrates; Bay of Fundy; Canada; sublittoral fauna, 445
Benthic fauna; agricultura; runoff; San Francisco Bay; bioaccumulation; selenium; bivalves; pollution distribution, 381
BERTRAND, J.-C., *see* MILLE, G., 283
BILLEN, G., *see* MEYBECK, M., 595
BILLEN, G., *see* RELEXANS, J. C., 625
BILLHEIMER, L. E. and COULL, B. C., Bioturbation and recolonization of meiobenthos in juvenile spot (Pisces) feeding pits, 335
Bioaccumulation; selenium; bivalves; pollution distribution; benthic fauna; agricultural runoff; San Francisco Bay, 381
Biogeochemistry; anaerobic; food chains; interstitial water; estuaries; Long Island; dissolved gases, 223
Biogeochemistry; carbon; isotope ratios; markers; estuaries; fatty acids; organic compounds; organic matter, 645
Biomass; chlorophylls; carbon fixation; sediments; lagoons; South Africa coast; diatoms, 413
Biomass; estuaries; heterotrophic activity; ETS activity; particulate organic carbon (POC); pigments; primary production, 625
Bioturbation; infauna; Great Barrier Reef; cyclones; coral reefs; sediments, 687
Bioturbation; juveniles; fish; South Carolina; meiobenthos; colonization, 335
Birds; coastline; beaches; estuaries; New Jersey, 95

Bivalves; pollution distribution; benthic fauna; agricultural runoff; San Francisco Bay; bioaccumulation; selenium, 381
BRANCH, G. M., *see* FIELDING, P. J., 413
BRAVO, I., *see* FRAGA, S., 349
Breaking waves; plunge point; suspended sediments; surf zone; film; English coast, 119
Bristol Channel; sediments; intertidal environment; polycyclic aromatic hydrocarbons; oil pollution; liquid chromatography; gas chromatography; mass spectroscopy, 237
BRUGEAILLE, M., *see* RELEXANS, J. C., 625
BURGER, J., Effects of demolition and beach clean-up operations on birds on a coastal mudflat in New Jersey, 95
BURGER, R. S., *see* MURPHY, P. P., 461
BURTON, H. R., *see* GALLAGHER, J. B., 363
BUTLER, J. H., PEQUEGNAT, J. E., GORDON, L. I. and JONES, R. D., Cycling of the methane, carbon monoxide, nitrous oxide, and hydroxylamine in a meromictic, coastal lagoon, 181
Canada; sublittoral fauna; benthic; community; substrates; Bay of Fundy, 445
Carbon; isotope ratios; markers; estuaries; fatty acids; organic compounds; organic matter; biogeochemistry, 645
Carbon cycle; nitrogen cycle; gases; distribution; air-water exchange; microbial activity; nutrients; diffusivity, apparent, 181
Carbon fixation; sediments; lagoons; South Africa coast; diatoms; biomass; chlorophylls, 413
CAUWET, G., *see* MEYBECK, M., 595
Chemical composition; clay mineralogy; chemical elements; New Zealand; river discharges; sediment sources; continental shelf; sediment mineralogy, 397
Chemical elements; New Zealand; river discharges; sediment sources; continental shelf; sediment mineralogy; chemical composition; clay mineralogy, 397
CHILDERS, D. L. and DAY, J. W., Jr, A flow-through flume technique for quantifying nutrient and materials fluxes in microtidal estuaries, 483
Chlorophylls; carbon fixation; sediments; lagoons; South Africa coast; diatoms; biomass, 413
CHURCHMAN, G. J., HUNT, J. L., GLASBY, G. P., RENNER, R. M. and GRIFFITHS, G. A., Input of river-derived sediment to the New Zealand continental shelf: II Mineralogy and composition, 397
Clay mineralogy; chemical elements; New Zealand; river discharges; sediment sources; continental shelf; sediment mineralogy; chemical composition, 397
Coastal currents; current measurements; pressure gradients; dynamic balance; sea levels; Scotland Coast, 163
Coastal lagoons; phytoplankton; photosynthesis; irradiance; summer; Baja California; El Niño, 109
Coastal waters; aluminum; temporal variations; plankton blooms, 205
Coastline; beaches; estuaries; New Jersey; birds, 95
COLLOS, Y., LINLEY, E. A. S., FRIKHA, M. G. and RAVAIL, B., Phytoplankton death and nitrification at low temperatures, 341
Colonization; bioturbation; juveniles; fish; South Carolina; meiobenthos, 335
COMBER, S. D. W., *see* HOWARD, A. G., 427
COMELY, C. A. and ANSELL, A. D., Population density and growth of *Echinus esculentus* L. on the Scottish west coast, 311
Communities; hydrocarbons; oxygen; sediments; bacteria, 283
Community; substrates; Bay of Fundy; Canada; sublittoral fauna; benthic, 445
Continental shelf; alkalinity, 567
Continental shelf; sediment mineralogy; chemical composition; clay mineralogy; chemical elements; New Zealand; river discharges; sediment sources, 397
Coral reefs; sediments; bioturbation; infauna; Great Barrier Reef; cyclones, 687
COULL, B. C., *see* BILLHEIMER, L. E., 335
Ctenophora; feeding, 495
CURL, H. C., Jr, *see* MURPHY, P. P., 461
Currents; North Sea, 547
Currents; tidal estuaries; tidal currents; fronts; stratification; Froude number; gravity, 45
Current measurements; pressure gradients; dynamic balance; sea levels; Scotland Coast; coastal currents, 163
Cyclones; coral reefs; sediments; bioturbation; infauna; Great Barrier Reef, 687

DABORN, G. R., *see* AMOS, C. L., 1

New Jersey; birds; coastline; beaches; estuaries, 95
New Zealand; river discharges; sediment sources; continental shelf; sediment mineralogy; chemical composition; clay mineralogy; chemical elements, 397
NGUYEN, K. D. and MARTIN, J-M., A two-dimensional fourth-order simulation for scaler transport in estuaries and coastal seas, 263
Nitrates; ammonia; phosphate content; organic compounds; eutrophication; silica, 595
Nitrification; nitrogen cycle; low temperature; ponds; Atlantic coastal plain; phytoplankton; decay, 341
Nitrogen cycle; gases; distribution; air-water exchange; microbial activity; nutrients; diffusivity, apparent; carbon cycle, 181
Nitrogen cycle; low temperature; ponds; Atlantic coastal plain; phytoplankton; decay; nitrification, 341
Nitrogen cycle; phosphorus cycle; silicon cycle; turbidity; rivers; estuaries; plankton; nutrients, 61
North Carolina Coast; oxygen balance; metabolism; annual variations; plankton production; tidal estuaries; lagoons, 33
North Sea; currents, 547
NOVELLI, P., *see* MICHENER, R. H., 223
Numerical model; advection; diffusion; errors, 263
Nutrients; diffusivity, apparent; carbon cycle; nitrogen cycle; gases; distribution; air-water exchange; microbial activity, 181
Nutrients; nitrogen cycle; phosphorus cycle; silicon cycle; turbidity; rivers; estuaries; plankton, 61
Oil pollution; liquid chromatography; gas chromatography; mass spectroscopy; Bristol Channel; sediments; intertidal environment; polycyclic aromatic hydrocarbons, 237
Organic compounds; eutrophication; silica; nitrates; ammonia; phosphate content, 595

Organic compounds; organic matter; biogeochemistry; carbon; isotope ratios; markers; estuaries; fatty acids, 645
Organic matter; biogeochemistry; carbon; isotope ratios; markers; estuaries; fatty acids; organic compounds, 645
Overtides; tidal harmonics; sediment transport; lagoons; tidal distortion; estuaries, 521
Oxygen; sediments; bacteria; communities; hydrocarbons, 283
Oxygen balance; metabolism; annual variations; plankton production; tidal estuaries; lagoons; North Carolina Coast, 33
Paleosalinity; Antarctic coast; fjords; mixing; water; thermohaline convection; anoxic basins, 363
PARK, J. K. and JAMES, A., Time-varying turbulent mixing in a stratified estuary and the application to a Lagrangian 2-D model, 503
Particulate organic carbon (POC); pigments; primary production; biomass; estuaries; heterotrophic activity; ETS activity, 625
PELEGRI, J. L., Tidal fronts in estuaries, 45
PEQUEGNAT, J. E., *see* BUTLER, J. H., 181
